Hello everyone!

Here are my comments. I was rushed getting this to you so not an in depth review of the document. The main issue is that we had some miscommunication of what the cleanup approach is for Section 4. Please see my comments and we can discuss. I'm in a conference call until 3:15. Thank you!!!

Good Morning Thea, Paul and Ben - Attached is the Final Draft of the Addendum to the Soil Confirmation Sampling Plan for your review and comment. We are hoping to get final Unified Command approval this evening. Therefore, if possible, we are requesting your review and comments within 2 hours. Please advise if this is not possible.

We greatly appreciate your cooperation and assistance to date with this plan and look forward to receiving your comments. Please do not hesitate to call or email me any questions or needs for clarification.
